## Road Repair Planned With Revenue Funds

About 50 to 60 percent of a total \$344,000 in federal revenue sharing funds will be spent on repairs to approximately 30 county roads this year, county supervisors said at a meeting Monday.

However, that figure was the only positive fact to come out of the all afternoon session, during which supervisors, County Engineer Larry Seal and Board Attorney J. Ruble Griffin thrashed out the complicated problem of how to bid the extensive repair project without violating federal guidelines.

Seal's suggestion to advertise for bids by individual beat contracts was countered by Chancery Clerk John Rutherford's reminder that all the revenue sharing funds had to remain in one account, according to federal guidelines. Therefore, expenditures for a single project such as repair of the 30 or so roads could not be separated into several contractual arrangements.

Seal expressed reluctance to accept alternative suggestions that contracts be let separately for the various stages of work on each road, or that the entire package go to one contractor. The first method, Seal explained, would make quality control and supervision almost impossible, nor would the latter method be feasible due to the variety of work needed on each road.

A solution to the problem became more elusive when Supervisors Oscar Peterson and Jerry Ladner said they preferred to do all preparation work on their beat roads and contract only for the final surfacing, while Supervisors James Travica and Alton Kellar favored Seal's original plan to contract for the entire job in each beat. Beat four supervisor H.G. Zengering said since there were no more than five miles of roads in his beat which needed only overlay he would have to contract to "get the job done".

When asked how long it would take to work up all necessary plans and specifications for the 30-road project, Seal said he had on hand a material compilation and preliminary specifications for the job and could advertise for bids this week.

Griffin then pointed out that a revenue sharing handbook stated in part that "After January 1973 states are required to report before allocations how the money is planned to be spent, and after the entitlement period how the money was spent or obligated".

Whatever system was finally adopted for accomplishing the work, he continued, would have to be submitted for approval before actual expenditures could begin. Individual supervisors doing any part of their own repair work would be required to submit a work plan and cost estimate breakdown.

Board President Kellar stated another requirement calls for all allocations to cover a five-year period and can only be changed once within that time.

The matter has been under discussion by the board for months, Kellar said, "and it seems to me we're getting

farther and farther away from a solution."

In an unrelated matter, the board approved for submission to the Mississippi Agricultural and Industrial Board a petition from Eljer Plumbing Company of Bay St. Louis requesting a ten-year tax exemption, ordinarily extended to new industries in the county. Company attorney Walter Phillips told supervisors that the company is a subsidiary of a Delaware company and lists as assets \$365,978 in factory machinery and office equipment.

Following an earlier refusal of the board to recognize the company as a wholly new enterprise, Phillips appealed to the state attorney general for a decision on the matter. The petition for exemption was submitted on the attorney general's favorable decision.

In other action, the board: — Approved defense attorneys' request for commutation of sentence for Louis Tillman from six months in the county jail to five months, on the sheriff's recommendation for good behavior. Permission was granted for Tillman's release March 10.

— Accepted a bid from Sanders Tractor Co. of Gulfport for the purchase of one tractor with numerous attachments for a total price of \$10,472, less a factory price concession of \$2,768.19. The tractor is for beat four.

— Passed a motion to buy a \$100 program ad for the Mississippi Association of Supervisors annual convention slated for June 15 in Biloxi.

HENRY OTIS was elected Hancock County circuit clerk Saturday by defeating Michael Ladner 1,749 to 1,321. Otis was sworn in Monday at the meeting of the Board of Supervisors.

## Highway Department Considering Hospitality Booth Location

A legal notice from the State Highway Department appearing in the Sea Coast Echo this week and last week advertises consideration of the construction of a hospitality booth on Interstate Highway 10 and announces the opportunity for public hearing on the matter.

The location of the proposed hospitality booth was a matter of some concern last year to Hancock County merchants who organized a Tourism Action Committee in February 1972 in support of the booth.

An effort to insure that the booth's location would be of benefit to merchants and business people at this end of the Gulf Coast.

In a statement of objectives, published in February last year, the committee stated that the initial site for the booth, between Highways 607 and 603, was too far into Mississippi to attract tourist traffic to Hancock County.

A request for the booth to be situated on I-10 at the West side of Highway 607 was refused by NASA officials at the Mississippi Test Facility, as that location was within the MTF buffer zone.

The only other alternative for relocation of the booth was on the Louisiana side of the Louisiana-Mississippi state line. This position, proponents of the change argued, would give tourists ample time to turn off I-10 at Highway 607 and enter the coast area West of Waveland.

A later appeal for help to State Senator Martin T. Smith resulted in the

passage of a bill through the Senate authorizing the move to the Louisiana line.

Facilities planned by the highway department include a hospitality station building which will have a tourist information area and public restrooms. Picnic areas with tables and benches, telephones, nature trails, sanitary waste dumps for travel trailers and parking areas will also be provided. The legal notice specifies the location of the tourist facility as being "on the South side of Interstate Highway No. 10 approximately 10 miles East of the Louisiana-Mississippi State Line in Hancock County", or close to Highway 603.

Anyone desiring a public hearing concerning the location and design of the hospitality station may write the Chief Engineer, Miss. State Highway Dept., P.O. Box 1850, Jackson, Miss. 39205.

The deadline for a public hearing request has been set at March 24.

## Engineers Hired For Stennis Airpark

The county board of supervisors Monday ratified a Port and Harbor Commission resolution to engage the services of a Jackson engineering firm for Stennis Field industrial airpark development.

The firm, Engineering Services of Jackson, will be retained on a contingent fee basis to prepare an application for federal assistance in development of an industrial airpark at Stennis International Airport. The resolution set a maximum of \$2,000 for approved out-of-pocket expenses for development of the application by the Jackson firm.

The board also approved advertising for bids on the remaining two projects to complete development of the Port and Harbor industrial park. Contract E-10 calls for construction of a turning basin bulkhead at the shallow water canal and contract E-11 covers installation of service roads, a railroad turn-around and drainage. Approval for

these two projects has been received from the Economic Development Administration. P&H director Dr. Michael Smith told supervisors, and he is confident of the success of the two construction projects to effect final development of the industrial park.

In another matter, supervisors unanimously agreed with a commission decision to charge Compass Construction Company with 101 days of liquidated damages at \$60 per day on an airport construction contract, making a total of \$6,060 damages to be withheld from periodic estimate No. 10. Compass submitted a payment request on the above periodic estimate in the amount of \$10,430.00, based on 61 days or 57.6 percent completion of the work. However, on recommendation of the resident engineer and the director, payment will be withheld as the commission feels the work has not actually reached that percentage of completion, Smith explained.

## Debate Held On Council-Manager Proposition

Questions concerning the council-manager form of government were discussed Monday night before an audience of approximately 75 people attending a public debate at Bay Junior High auditorium.

Bay St. Louis voters go to the polls March 13 to either adopt the council-manager system or retain the present commission-council form. The debate was sponsored by the Council-Manager Committee.

Speaking for the Committee were E.J. Marengo and Paul Vegas. Although all three Bay St. Louis officials were invited, only Mayor Warren Carver spoke in favor of the present system. Commissioner William Phibbs attended the meeting but agreed to answer only questions about the official ballot. Commissioner Andre Arceneaux was absent.

First speaker on the program was Leon Wilber, Ph.D. professor of political science at the University of Southern Mississippi who explained the different forms of government now in use in municipalities.

With the aid of an overhead projector, Dr. Wilber explained briefly the two forms to be decided on by Bay St. Louis voters.

E.J. Marengo, chairman of the Council-Manager Committee, told the audience that although the city of Piquette will vote on March 17 on whether or not to abandon their council-manager system he had been authorized to announce that the Piquette Chamber of Commerce and the majority of business establishments and civic organizations were in favor of the council-manager form of government. Marengo quoted as his source A.B. Franklin, Piquette city manager and read aloud a letter to the voters of Piquette from Mayor Grady Thigpen urging retention of council-manager.

Concerning recent rumors that Pascagoula would also have an election to abandon council-manager, Marengo announced that a petition circulated by

a Pascagoula councilman did not contain enough signatures to bring the question to a public vote.

In his statement to the audience, Mayor Carver said that "theoretically the council-manager system looks good... it looks good on paper. But how in the world are we going to find a manager to run our city, or to serve as Mayor or councilmen at the salaries we could offer?"

"The manager will be controlled, governed and in some cases hampered by the council," Carver added. "I'm not trying to save my job but the question is whether or not council-manager is right for the size of our city," he concluded.

When the floor was opened for a question and answer session by moderator Pete Bonvanni, one of the first questions asked concerned the salary of a city manager. According to Marengo, a city manager for Bay St. Louis would cost approximately \$15,000. "I have been assured by the National Association of City Managers that we can get a qualified man for this price. The association has a complete list of qualified managers and will help us locate several applicants for the position," Marengo said.

## Free Examinations

In observance of Save Your Vision Week, Dr. Walter Russo has announced that he will administer free Amblyopia and Glaucoma examinations from March 8-15 at his office on Carroll Ave.

The examinations will be made in the morning but persons interested must call for a definite appointment.

Mayor Warren Carver has proclaimed March 4-10 as Save Your Vision Week in Bay St. Louis.

He is survived by his wife Eugenia Alleman Blanchard; father of Mrs. Richard J. Sallinger, Bay St. Louis, Mrs. Burton J. Foucheux, New Orleans, Mrs. Charles L. Mooney, and Mrs. John McCarroll Jr., both of Baton Rouge; brother of Alvin A. Blanchard, Long Beach, Calif.; also survived by 14 grandchildren.

Mr. Blanchard was a native of Plaquemine, La. and a resident of New Orleans for the past 60 years. Funeral service will be held today with a Requiem Mass in the chapel of Schoen & Son, Inc., with interment in Garden of Memories.

MR. AND MRS. CARL LADNER JR.

## Ladner-Lee Vows Exchanged

Miss Edwina Marian Lee, daughter of Mr. and Mrs. Edward B. Lee of Clermont, Harbor, became the bride of Carl S. Ladner Jr., son of Mr. and Mrs. Ladner Sr. of Bay St. Louis, Saturday, February 24, at Our Lady of the Gulf Catholic Church with Very Rev. Gregory Johnson pastor, officiating.

The bride was given in marriage by her father. She wore a white dotted Swiss gown fashioned on Empire lines with short puffed sleeves and small round collar. Her headpiece was a wreath of white daisies and she carried a cascade of daisies. Attendants were Miss Karen

Ann Mader, niece of the bride, Clermont Harbor, and Jim Farrell, Bay St. Louis. Following the ceremony a reception for members of the immediate families was held at the home of the groom's parents.

The bride's table, overlaid with a white cloth with a daisy motif, was centered with a three-tiered cake trimmed with white spun sugar roses. For her wedding trip the bride chose a long floral print dress. The couple will make their home in Hattiesburg where the groom is attending the University of Southern Mississippi.

## Mrs. Duke Receives Bay Rotary Award

Mrs. Elda Duke of Waveland received the Bay St. Louis Rotary Club's Outstanding Citizen of Hancock County award last week at the Rotary's luncheon at Gulf View Haven Nursing Home. Presentation of the award was made by Talmadge Rayborn, president of the local Rotary club.

Among her list of many organizations and civic activities, Mrs. Duke serves as president of the Women of the First Presbyterian Church in Bay St. Louis and the Gulf Coast Council of Garden Clubs. She is on the board of directors for the Hancock County Livestock and Fair Association and on the advisory board of the Tri-County Area for the Mississippi Tuberculosis Association and was named county chairman of the local Christmas Seal Drive.

Mrs. Duke operates the gift shop at Hancock General Hospital for the hospital's auxiliary. In addition she is a member of the Veterans of Foreign Wars auxiliary, the Hancock County Chamber of Commerce, the Bay St. Louis Homemakers Club, the American Association of Retired Persons and the Mississippi Farm Bureau. "Mrs. Duke is truly an outstanding citizen," Rayborn

Bury My Heart at Logtown

News headlines of the recent Indian seizure of Wounded Knee, South Dakota, brought back vivid memories to a few old-timers of a long ago uprising in Hancock County, by a band of Hancockajao Indians.

According to one account, the tribe, small but savage, had inhabited the area unhampered for generations, living off the bountiful natural resources and the profits from the sale of homemade fire water (from old recipes handed down...) to white traders in neighboring territories.

After years of this idyllic existence, the federal government, determined to alleviate the economic depression of the area, established an Army outpost called Fort Saturn.

Emmissaries came from Washington, D.C., bearing glass beads and doubloons and a series of closed-tent meetings was held. After days of smoking peace pipes and consuming gallons of fire water, the delegates staggered from the smoke-filled tepees and joyfully announced that a treaty had been signed!

The terms called for the Hancockajos to turn over 141,000 acres of prime land to the government for which the government agreed to relocate their tepee, free of charge, provide bullets and rifles, and extend hunting and fishing privileges to the Hancockajos and their descendants.

A company of Army Corps of Engineers immediately moved in and fenced off 40 percent of the territory. Buildings, barracks, small stores and sentry posts were constructed and manned.

The Indians began to get restless when they were denied entrance onto the fort and sentries refused to allow them the hunting and fishing privileges of the treaty.

They became even more restless when word reached them that scouts were being brought in from neighboring tribes and far away places.

As a final insult, military personnel started building log cabins on their sacred burial grounds near the water. The Hancockajos were enraged and the young Braves started putting on war paint.

In order to avoid another Little Big Horn, Chief Babbling Brook Ladner went to the fort to have a pow-wow with General Balching Jackson, commandant of Fort Saturn.

The Braves lined up outside the administration building while the chief went in for the meeting. Five minutes later, Babbling Brook emerged and said angrily, "White Chief speaks through forked-tongue of public affairs officer."

He threw his spear into the ground and they rode off to prepare for an attack.

Everybody went -- all 17,000 Hancockajos rode to the fort, circled two or three times and took over. They seized Jackson and held him hostage, along with assorted Colonels, Majors and Captains.

Peace talks began. Babbling Brook presented a list of demands, which included return of some of the land, the hunting and fishing privileges honored and to be allowed to retain their tribal customs which the white men had been trying to change under the guise of social reform.

After weeks of negotiations, the Indians were dying of boredom. The hostages talked endlessly and said nothing. Finally, in utter frustration the Indians shuffled back to the reservation and shortly after, buried Babbling Brook who died of a broken heart.

To this day, descendants of the Hancockajos still speak bitterly about "Balching's Last Stand."

## MAYOR'S PROCLAMATION

The joy of seeing can be experienced each day in almost every activity we engage in. This vision which allows us to see the world as it is, is the most precious of our senses. It is the most important of our senses, for it is through vision that we learn to live and to feel the quality of life when viewing for the first time.

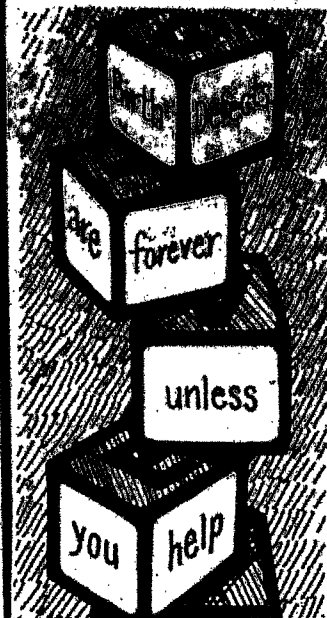

In fact, the list of daily functions which are not related either directly or indirectly to vision would be short indeed.

The necessity for each person to care for their vision is emphasized annually by the President of the United States as he proclaims Save Your Vision Week throughout the country, scheduled this year, March 4-10, 1973.

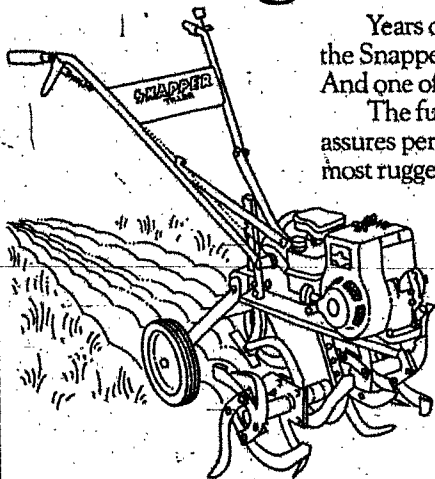

The vital role vision plays in our daily life should be urgently stressed. Vision is one of life's greatest joys and it is worth care.

Therefore, I, Warren Carver, Mayor of the City of Bay St. Louis, recognizing the significance of this observance, strongly urge each member of our community to participate in the programs and activities designed to place greater emphasis on vision care.

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the Seal of the City of Bay St. Louis:  
Warren Carver  
Mayor

## Snapper Tillers make gardening easier.

Years of research and testing went into making the Snapper Rotary Tiller durable and dependable. And one of the easiest to use.

The fully enclosed chain drive transmission assures performance year after year, even under the most rugged conditions. And you can choose either a 3 or 5 HP engine.

Perfect balance and finger tip controls make the Snapper Tiller easy to handle. And you can make instant depth and wheel adjustments without tools.

So for longer wear and a lot less work, try the tougher Tiller, Snapper, in your garden. You'll find you won't have such a tough row to hoe.

## OLG-SJA Carnival Ball Offers Hawaiian Setting

Pete Chapman and Mrs. Odile Peranich reigned as king and queen of the St. Joseph Academy-Our Lady of the Gulf Carnival Ball Friday night at St. Joseph auditorium in Bay St. Louis.

Using a volcano as a background and amidst palm trees on the floor of the auditorium, the royal court was entertained with Hawaiian songs and dances under the direction of Mrs. Bill Argus Jr., program chairman.

Vocal selections were by the Bay Choralaires under the direction of Mrs. John McKenna. Special soloists were Inez Favre, Lana Noonan and Bunk Gardner.

The Queen's gown was of A-line design threaded with gold brocade. Red tear-drop and white rhinestones with scattered pearls were used to bead the design on the bodice and hemline. Her mantle was of white velvet lined with gold

sequins. Scrolled sequins also encircled the silver initial "P" representing the Queen's name.

The King's floor-length cape was in a matching design with a silver "C" centered on the back.

Martin Morreale and Mrs. Carol Monti were introduced as the grand duke and duchess for the festivities.

The royal court included Mr. and Mrs. Jake Morreale, Mr. and Mrs. Robert J. Boudin, Mr. and Mrs. Joseph Compretta, Mr. and Mrs. Calvert Smith, Mr. and Mrs. Sheldon Seuzeneau, Mr. and Mrs. Curtis Thomas, Mr. and Mrs. James A. Lagasse III, Mr. and Mrs. Thomas E. Jennings, Mr. and Mrs. Roddie Bilbo, Mr. and Mrs. John L. Gonzales, Mr. and Mrs. Joseph Gex, Mr. and Mrs. Ames Kergosien, Mr. and Mrs. William Monti, Miss Franya Frankiewicz and Mr. David Hubbard, Mrs. Jake Morreale and Mr. E. J. Marengo and Mrs. J. Herbert Cardin and Mr. Carl Banderet.

At the conclusion of the entertainment portion of the ball, a large volcano, complete with sound and visual effects, erupted on stage.

Music for the evening was provided by the Martinaires. General chairman was David Treutel and Bill Argus Jr., served as decorations chairman.

### Power

### Cutoff

An interruption of electrical service has been scheduled in Waveland on Sunday starting at 6:30 a.m. and lasting for approximately one and one-half hours according to Mississippi Power Company Manager Perry Gibson of Bay St. Louis.

Gibson explained that the interruption of electrical service is necessary to allow Power Company crews to install new electrical distribution equipment that will upgrade service to the area.

He said that the area involved is north of L&N Railroad Waveland Avenue to Highway 90 and the Herlitz Street vicinity in Middletown; also South of the L&N Railroad from Nicholson Avenue and the Beach intersection south including Coleman, Waveland and Sears Avenues, Clermont Harbor and Lower Bay Road.

If weather does not permit crews to carry out the work, the interruption will be rescheduled for the following Sunday, May 18 at the same time.

## What do you want... a home in the country?

## Jim Walter builds a better buy!

Clean air, open sky, trees, meadows... If a home in the country away from traffic, noise, and overcrowding is your dream for the future... If you already own your property and are planning to build... Jim Walter should be your builder. He builds almost ANYWHERE that your property is located... in town or out in the country.

He'll offer you more than 20 models from which you may select your new home — 1 to 4 bedrooms, some with 2 baths — any of which can be built on your property. All are custom-built, constructed board-by-board, nail-by-nail on your building site. And construction materials are all quality-selected for long life and low maintenance... materials such as heavy-duty roofing, aluminum windows and "wood made better" hardboard siding.

MORE THAN 20 "BETTER BUY" MODELS - BUILT ON YOUR PROPERTY

SAVE MONEY on your new Jim Walter-built home by doing some

or all of the inside work yourself. We'll completely finish the exterior, including the final coat of house-painting paint. After finishing the outside, we'll stop at almost ANY stage of interior completion... you finish the rest in the evenings and on weekends and save. We'll even furnish the inside materials and include their cost in your mortgage payments.

### INSTANT MORTGAGE FINANCING

Your local Jim Walter Homes display parts is open daily from 8 A.M. until 8 P.M. weekdays and 9 A.M. until 5 P.M. Saturdays and Sundays for your convenience. Come by, call or write today for complete information on the low cost of building on your property and learn how qualified property owners can get INSTANT MORTGAGE FINANCING. ### CHANCERY SUMMONS

NO. 11,954  
THE STATE OF MISSISSIPPI,  
TO CELESTER Q. LADNER,  
ET AL, whose place of residence, post office and street address is unknown after diligent search and inquiry:  
ANY AND ALL PERSONS having or claiming any right, title or interest in and to the following described property, to-wit:

The SE¼ of the SW¼ of Section 34, Township 6 South, Range 14 West, Hancock County, Mississippi.  
You are summoned to appear before the Chancery Court of the County of Hancock in said state to plead, answer or demur to the Bill of Complaint to Confirm Tax Title, being cause No. 11,954, on the 26th day of March, 1973, and that the hearing be set at 10:00 A.M. on the 27th day of March, 1973, at the Chancery Courtroom in Gulfport, Miss. The same being a suit to quiet and confirm complainant's title to said land above described wherein you are a defendant.  
This 21st day of February A.D. 1973.  
(SEAL)

JOHN D. RUTHERFORD,  
Chancery Clerk  
Lila Taylor D.C.

### NOTICE OF TRUSTEE'S SALE

WHEREAS, on the 8th day of December, 1969, Glendal Salter executed and delivered to Gerald Gex, Trustee, a certain deed of trust and note securing the indebtedness therein described, due and payable to J.P. Daurio, which deed of trust is of record in Volume 136, Pages 75, 76 and 77 of the record of mortgages and deeds of trust on land in Hancock County, Mississippi; and

Whereas, in conformity with the rights, powers and authority granted in said deed of trust by the maker thereof to the beneficiary or any legal holder and owner thereof to substitute the trustee named therein, the said J.P. Daurio, beneficiary named in said deed of trust and the present owner and holder of said deed of trust, note and indebtedness secured thereby, did appoint and substitute the undersigned Bonnelle P. Ladner as substitute trustee in the place and stead of Gerald Gex, trustee as aforesaid, as shown by substitution of trustee dated March 16, 1973 in Volume 136, Page 363 of the aforesaid record of mortgages and deeds of trust on land; and

Whereas, default having been made and still persists in the payment of the indebtedness secured by the aforesaid deed of trust, and demand has been made upon the undersigned substituted trustee by the said J.P. Daurio, the present owner and holder of aforesaid mentioned indebtedness, note and deed of trust to foreclose same and sell the property therein described and conveyed to satisfy said indebtedness;

Therefore, I, Bonnelle P. Ladner, substituted trustee, will on the 3rd Monday, the 19th day of March, A.D. 1973, within legal hours, at the front door of the County Court House in the City of Bay St. Louis, Hancock County, Mississippi, offer for sale and sell, for cash at public outcry, to the highest and best bidder therefor, the following described land in the County of Hancock, State of Mississippi, to-wit:

Lots 15 and 16, Block 94 and Lots 17 through 20, Block 94, Bay St. Louis Land and Improvement Company's Subdivision of Part of the Bay St. Louis Land and Improvement Company's First Addition to the City of Bay St. Louis and Waveland, Mississippi, as per the official plat of said Subdivision dated April 27, 1967, and on file in the office of the Clerk of the Chancery Court of Hancock County, Mississippi.

The title to said property is believed to be good, but I will convey only such title as is vested in me as substituted trustee.

WITNESS my signature, this 14th day of February, A.D. 1973.

BACK IN 1918, the Knights of Columbus Hall on Beach Blvd. in Bay St. Louis also served as the local merchant representative for the Food Administration (note "corn" posters). The building was later used as the Shamrock Restaurant. The last business in the building was Trapani's Knock-Knock Club until it was destroyed by Hurricane Camille. **DRUG PROGRAM**

The American Legion Post 139 will sponsor a Drug Abuse Program March 16 at 7:30 p.m. at the legion home on Green Meadow Road in Bay St. Louis. Guest speakers will be District Attorney Albert Necaise, Dr. John Russell, and Long Beach assistant Police Chief Jim Hanley. The public is invited.

**FACTS**

The Council-Manager Committee would like to take this opportunity to denounce the rumors in opposition to the Council-Manager Form of Government that have not been publicly stated or printed, but have been telegraphed throughout our community by the "back fence" method.

**RUMORS**

**Rumor:** The Council-Manager System's administrative salaries will cost the city exorbitant amounts.  
**Truth:** It is correct that Council-Manager Systems have cost large amounts in large cities. In Bay St. Louis, with its population of less than 7,000, the City Manager will definitely not need high paid assistants, as the rumors have it.

**Rumor:** The Council-Manager System will cause a dictatorship, where the citizens will lose their voice in City Government.

**Truth:** With a total of six elected officials, including a representative from each neighborhood under the Council-Manager System and a professional City Manager who can be fired should he fail to do his job, is far more Democratic and representative than the system we now have. Let's face it, who do we have to represent us now with our neighborhood problems, such as in the annexed area, areas where roads are so poor that businesses have been forced to close, etc... Furthermore, have you heard of any city officials being fired lately for not doing their job?

**Rumor:** City employees will lose their jobs under the Council-Manager System.

**Truth:** The whole idea of the Council-Manager System is to operate efficiently and provide good services. How can garbage be picked up without sanitation workers? How can streets and public grounds be maintained without city employees? How can the city utilities system be operated and maintained without city employees? Surveys and studies of the Council-Manager System prove that city employees are better off under the Council-Manager System with professional leadership. This system would enable our city employees to do a maintenance job right without having to go back three or four times to correct the same problem.

**Rumor:** The Council-Manager System will do away with the jobs of our elected officials.

**Truth:** This system will enable concerned citizens to be elected to public office on a part-time basis. If our public officials are concerned over good government and think they have something to offer, they will run for office under this system or any other one. We are not promoting any one person for public office, but trying to change our present system of government for a better, more efficient and businesslike city government.

**Rumor:** The Council-Manager System is for large cities.  
**Truth:** The Council-Manager System is ideal for small cities since it provides widespread representation and professional management at a low cost. Moorhead, Mississippi adopted the Council-Manager System, with a population of under 2,000 people and has been successfully operating this way since 1962. There are hundreds of small communities such as Moorhead throughout the Country operating under the Council-Manager System.

**Rumor:** Council-Manager Systems are being done away with in other towns.

**Truth:** Out of 2,180 Council-Manager Systems throughout the United States, less than 4 percent have been done away with. This is a modern and growing answer to efficient government. Many Council-Manager Systems have replaced our present form of Government, which is on the decline.

## New Orleans Philharmonic Coming To Bay St. Louis

The New Orleans Philharmonic Symphony Orchestra, which will appear in Bay St. Louis March 16, is in its tenth season with Werner Torkanowsky as Music Director and Conductor.

Torkanowsky was born in Germany, raised in Israel and came to the United States in 1948. While in the Middle East he began his conducting career. In America he was engaged as concert master for the Ballets Espagnols for their nationwide tour. Due to unforeseen circumstances Torkanowsky was called upon to replace the conductor. In less than 24 hours he found himself on the podium conducting the company's New York debut. The unprecedented success of this performance led to his engagement as the ballet's Music Director and permanent conductor during the following two seasons, for which he received high acclaim from the press.

Following a special association with the late Pierre Monteux, he became Music Director of Jerome Robbins'

"Ballet U.S.A." in 1958 and was with them on their highly successful visits to Europe.

In 1961 Torkanowsky was selected by Gian-Carlo Menotti for the composer's Festival of Two Worlds in Spoleto, Italy. That year he led performances of Samuel Barber's "Vanessa." He has since returned twice to Spoleto, most recently for performances of Debussy's "Pelleas et Melisande." William Weaver, an American resident of Rome and one of Europe's leading music critics, reported in the English journal OPERA that "Werner Torkanowsky gave a splendid and varied reading of the score, bringing out all the clarity of detail, but also shading each scene distinctively and blending all into a well-paced whole."

Torkanowsky has appeared as guest conductor of most major symphony orchestras in the United States, including the Philadelphia Orchestra, Boston Symphony, Detroit Symphony,

San Francisco Symphony, New York Philharmonic, and Los Angeles Philharmonic. In 1968 he conducted the Israel Philharmonic for three weeks in Jerusalem, Tel Aviv, and Haifa, and has been featured twice with the Philadelphia Orchestra in its summer series at the Robin Hood Dell. In 1971 he made his first guest appearance at the Aspen Music Festival to great audience and critical acclaim.

Mr. Torkanowsky and the New Orleans Philharmonic Symphony Orchestra will be appearing in Bay St. Louis under the auspices of the Bay-Waveland Junior Auxiliary. There will be two performances on Friday, March 16. The student concert will be at 1:30 p.m. and the adult concert will be at 7:45 p.m. at the Bay Junior High Gymnasium. Tickets will be \$3 for general admission and \$5 for reserved seats and may be purchased from any Junior Auxiliary member. Mrs. Robert Wyatt is the Symphony chairman.

Boy Scout Troop 374 elected the following officers for the year: Senior Patrol leader, Steve Fricke; assistant patrol leader, Anthony Randall; Scribe- Tony Baker; Librarian- John Baker; Quartermaster, Scott Anderson; Assistant, Glen Davis; NEW PATROL leaders- Glen Davis; Andrew Willis, Mike Fricke and Bugler Pat Baker.

A FORMER RESIDENT, Elizabeth Faye was buried Sunday at Pearlington.

Mrs. Mary Wyman and Marietta honored Mrs. Barbara Fillingame Monday night in their home with a baby shower.

Mrs. H. O. Smith has returned home after a stay in the Picayune Hospital.

## Miss Monti To Serve Cancer Drive

Jeannette Monti has been named by the American Cancer Society as Hancock County's Special Gifts Chairman for the Society's drive in April. Jeannette will work with John Rosetti, vice-president of Gulf National Bank who has agreed to serve as Business Chairman.

A native of Bay St. Louis, Jeannette is supervisor of the credit and loan department in the Bay St. Louis branch and has been affiliated with Hancock Bank for 12 years. She presently serves as corresponding secretary and member of the board of

directors of the Bay St. Louis-Waveland Altrusa Club. Jeannette is also parliamentarian of Credit Women International and is a member of the Hancock County Chamber of Commerce and the American Institute of Banking.

An all-time high of nearly 1,932,000 men and women received jobs or job training through Manpower Administration programs during fiscal 1972. The majority of those served in these programs were from the ranks of the unemployed and minority groups.

## Debate Held

(Continued from page 1A)

Marengo was also asked what assurance the people would have that council-manager would work any better than "professional management at the Chamber which was recently discontinued."

Marengo, who is serving this year as president of the Hancock County Chamber of Commerce answered "unfortunately we did not hire a professional."

During the session, Mayor Carver pointed out that the people would not have an opportunity to "talk with the manager as they would elected officials." Vegas retorted "what good does it do to be able to talk to officials when you can't get anything done."

The discussion ultimately focused on problems in the annexed area. In reply to a question as to whether or not public utilities would be extended completely into that area, Mayor Carver mentioned that "they are getting garbage pickup, police and fire protection and street lighting. I realize their needs but I don't think they're getting short-changed."

However Vegas stated that it had

been five years since annexation took place and not much has been done. "Commissioner Frisbie mentioned in the paper last week that it would be five years before sewerage could be installed and I feel it would be a lot quicker under council-manager," Vegas said.

If the council-manager proposal receives a majority of the vote Tuesday, Bay St. Louis will be governed by a mayor and five councilmen who will in turn hire a city manager to run the business affairs of the city.

A second proposition on the ballot calls for the people to choose to either elect councilmen by wards or at-large.

Under the present system, a mayor and two commissioners govern the city, with one commissioner serving as head of city utilities and the other as finance commissioner.

West Bay voters will cast their ballots in the lobby at the Bay Senior High Tigerdome on Blue Meadow Road. North and South Bay will vote at city hall. The polls will be open from 7 a.m.-6 p.m.

## Altrusans Hold Program Meeting

Operations of the innovative Title III, ESEA program underway at Hancock North Central Elementary School were described last week by Mrs. Mildred Ramond, principal, at the February program meeting of The Bay St. Louis-Waveland Altrusa Club in the home of Mrs. Princess Fahy.

Mrs. Ramond explained the necessity of the federally-funded program in that school system by profiling the children there, noting that "44 per cent of the children there are functioning at below normal range."

She said "it is not that they are not intelligent, but they have had fewer background experiences than other children like those in urban areas."

A major effect upon the students, she said, is the extremely high divorce rate evident in that area of the county. "There are 80 of 611 students who are not living in families with their fathers and forty are not living with their mothers," she said.

Begin in September with a \$70,000 grant, the program is geared to students' individual needs with specially-planned program materials concentrating on scholastic weaknesses.

Among fields covered by the Title III work are remedial reading, social learning, music, and visual motor perception. Assisting the regular instructors in the program are nine teachers' aides.

Mrs. Ramond said the overall three-year program may be effected by federal cutbacks to the \$140,000 anticipated for the 1973-75 school years.

## Welcome To Pearlington???

Pearlington residents are complaining about the conditions at this dump on Highway 90. Garbage and debris are spilling onto the road and blocking whatever ditches are left. These photos, taken Tuesday morning, are evidence that nothing is being done to create a "Sanitary land fill" operation. Best One Supervisor Jerry Ladner should look into the situation and correct these problems immediately.

# Opinions Expressed On Council-Manager

(Ed. Note: In order to give Bay St. Louis voters an opportunity to hear both sides of the upcoming council-manager election, The Sea Coast Echo invited both the Council-Manager Committee and the three Bay St. Louis officials to submit written statements concerning their respective points of view. Commissioner Andre Arceneaux submitted his ideas in favor of commission council and the Committee expressed its point of view. Both are printed below.)

## For the council-manager form

BY THE COUNCIL-MANAGER COMMITTEE

Our City Officials have expressed a desire to have both systems explained to the people. However, at the public meeting and up to this day, they have only chosen to criticize the Council-Manager System and have not shown any advantages to our present system. We all know what the problems are with our present system. Apparently they too know that they cannot defend it or change it. Perhaps this is the reason they haven't shown any good points to the Mayor.

## Commission type system.

Mayor Carver stated, in the Sea Coast Echo, February 8, 1973, "Quite frankly I must say that I do not like the three-man form of Government." At the public meeting, Commissioner Frisbie came, but not in opposition to the Council-Manager nor for our present system. Mayor Carver appeared and spoke in opposition to the Council-Manager but did little to defend his system. Commissioner Arceneaux, after stating that he wanted his chance, failed to attend. Next

Primarily, we shall receive better representation for all, due to WARD REPRESENTATIVES answerable to the people in his Ward. This will enable us to receive much better representation than what we now have.

The Council-Manager System will bring about new faces for political offices. You will find concerned citizens who believe they have something to offer their community and are willing to work to accomplish their ideals. This will become possible due to the fact that we will elect a Mayor and five Ward Representatives who will serve on a part-time basis, setting policies and making decisions without giving up their occupations. These elected officials will receive token salaries.

In turn, the officials we vote into office will select a City Manager. This will be a man experienced and educated in managing a City Budget, personnel, and City Services by placing into effect proven and modern techniques. The obvious result of a BUSINESSLIKE CITY GOVERNMENT will be efficiency in office, better utilization of our tax dollars and improved city services. We make no promises, but in many municipalities that have adopted the Council-Manager System, taxes have been reduced.

We will enjoy more control over the City-Manager than we have with our elected officials under our present system. This is due to the fact that the City Manager will not SET POLICIES, BUT ADVISE AND CARRY OUT THE POLICIES AND DECISIONS SET FORTH BY OUR MAYOR AND COUNCILMEN. Should it become necessary to discharge our City Manager, this can be accomplished by a majority vote among our elected officials and a thirty-day notice to the Manager.

It's not everyday that you get to choose the form of government you wish to live by. Those of us who have worked to make this election

possible have done so because we believe that there is room for improvement in our city government. As a matter of fact, we have yet to meet the person who hasn't complained about our present system of government. We chose the Council-Manager Plan after considering it and all other available systems. We are not playing politics or looking for Utopia, but merely trying to improve and update our community. Because we live in Bay St. Louis, why should our children have to move away when they grow up and go to work? IT'S NOT NECESSARY, AND YOU CAN CHANGE IT!

On Tuesday, March 13, please consider the facts and disregard the rumors, but most of all, cast your ballot.

## For the present form of government

BY ANDRE ARCENEAUX

The Council Manager form of Government -- what exactly is this? Basically, it is a manager hired by a five-man council to be the chief administrative officer of your city. He has many duties and powers, some of which I would like to mention at this time. These are taken directly from the Mississippi State Code, Section 3825.5-17, found on page 93 of Book 3-A of the Mississippi Code Recompiled, 1942. Some of his many duties are as follows:

- (a) Prepare and recommend to the council an annual budget;
- (b) Administer and secure the enforcement of all laws and ordinances of the city;
- (c) Supervise and control all department heads and other employees and their subordinates;
- (d) Negotiate contracts and make all purchases for the city or town, subject to existing laws and subject to the approval of the council;
- (e) Make such recommendations to the council as he may deem expedient or necessary.

Section 3825.5-18 of the State Code states neither the mayor nor any of the members of the council shall direct or dictate the appointment of any person to or his removal from office. Members of the city council shall have no administrative powers or duties. All such powers or duties shall be transferred to the city manager, State Law 3825.5-24. Mention has been made about reduction of cost of government. Let's look a little closer at this. In effect, what you are doing is simply replacing a full-time mayor by hiring a full-time manager. You must still have a department head for utilities; you must still have a tax assessor; a tax collector; you

need a city treasurer; and you create a new full-time job of city clerk. I am sure all of these will be high salaried, technical people, experts in their field, since they are all appointed by the manager -- who is himself supposed to be an expert. And remember, if the manager appoints, he controls. Let's make that point very clear.

How much will it cost the taxpayers?

## FACT:

Actually, there's plenty of coal in the country's vast reserves. A problem is, a lot of it is just too high in sulfur to meet new environmental regulations. This is the main reason The Southern Company system, along with other members of America's electric power industry, is researching ways to develop "clean coal," a fuel from which the pollutants are removed before burning. Meanwhile, until such technology is perfected, very tall stacks safely disperse pollutants well above ground level. And, since these stacks may remain the best way to keep good air quality, we're continuing our research on their effects. The best answers often are complex, to be sure. And elusive. But we're determined, through research and development, to pin down the best answers for the most people. If you'd like to know more, please

write for our pamphlet on this subject.

## FOR THE PRESENT FORM...

Now let's look at an approximate cost of just the administrative officers.

COUNCIL-MANAGER	YEARLY
Manager	15,000
Mayor	600
Councilmen	1,500
Tax Assessor & Collector	7,800
City Treasurer	4,800
Utilities Manager	7,800
City Clerk	7,200

TOTAL \$44,700

\* These salaries are dependent upon whether you could get qualified people to accept these positions for these salaries!

There are only five cities in Mississippi with Council-Manager form of government, and two of those five are having elections to change their form of government from the council-manager.

The council-manager form of government would consolidate all political power in the hands of ONE individual who would, in turn, appoint experts, men imported from somewhere else, to fill positions of leadership now filled by popular vote of the people. I may be old fashioned, but I believe in government by the people, of the people, and for the people. I believe in the individual right to vote -- the right to vote for governing officials at every level. Remember, you have this right. Men and women have fought and died to protect this sacred right. Do not allow yourself to be tricked out of it by fancy phrases and promises of Utopia.

It is my considered opinion that it is not the form of government which determines the course government takes, but rather the people themselves who are the grass roots of any government. Bay St. Louis can be only what you, the taxpayer, want it to be. If you want prosperity, growth, etc., you can see that it can become reality through your elected representatives. In this case, the commission council form of government. We do not need a change of government here. What we need is a unified, concerted effort by the commission council and the citizenry of this town. I am sure every one of us is aware that there are just too many factions pulling in too many different directions to give this town the opportunity for growth and prosperity it so richly deserves. There are too many of us who are not ready to make the sacrifices that are needed to move this city forward. There are too many of us who do nothing but tear down what another takes long and painful hours to create. There are entirely too many vicious and unfounded rumors circulated daily.

No, my friends, we do not need a change in the form of government, what we need is a change in the attitude by the public. Remember, elected officials are YOUR representatives; they need your encouragement; they need your help; they need your backing and un-

and at the polls. Remember, in this election for a change in the form of government, all that is needed to change the council-manager is a simple majority. Simple majority means that they can win by ONE vote. I hope that the people who feel the commission form of government is

a better, more democratic way of government will encourage their friends and neighbors to go to the polls on Tuesday, March 13, and vote "FOR THE PRESENT FORM OF GOVERNMENT". In order to vote AGAINST the Council-Manager form of government, you have to vote FOR THE PRESENT FORM OF GOVERNMENT, which is the Commission Council form of government.

## Agencies Co-Sponsor Enrichment Program

Catholic Social Services, Gulf Coast Family Counseling Agency, and Gulf Coast Mental Health Association are co-sponsoring a Family Enrichment Program on the Coast. The Family Enrichment Program consists of talks on "Husband-Wife Relationship", "Parent-Child Relationship", and "Parent-Teenager Relationship." The three talks will be given at each of the following four locations.

BAY ST. LOUIS - Our Lady of the Gulf Cafeteria, on March 20, 27 and April 3.

BILOXI - Nativity B.V.M. Cafeteria, on March 20, 27 and April 3.

GULFPORT - St. John's Church on March 21, 28 and April 4.

PASCAGOULA - Sacred Heart Cafeteria on March 29, April 5 and April 12.

The talk on "Parent-Child Relationship" will be given by Mrs. Patricia Becker, who works with Gulf Coast Mental Health Center. She has the course completed for a PhD in Counseling Psychology, has experience in counseling and supervised candidates who were working on their Master's Degree in Counseling.

The talk on "Parent-Teenager Relationship" will be given by Mr. Wayne Brown who is the Director of Gulf Coast Family Counseling Agency, and Assistant Director of the Gulf Coast Drug Abuse Center. He has a Master's Degree in Social Work with 9 years experience in that field.

Not mentioned among last week's list of employees to receive service pins were Betty Romanoff and Margaret Harris.

HGH registered nurses and licensed practical nurses will be attending an in-service education workshop on March 14 and 15. The featured topic will be Cardiac Pacing. Special emphasis will be placed on involved nursing care in the Coronary Care Unit and Intensive Care Unit. Techniques involved in implantation of permanent and temporary pacemakers will be illustrated and discussed. Those attending from HGH will be I. Day, N. Dosa, M. Rayfield, J. Cook, E. Singleton, E.M. Stephens, E. Maurigi, E. Pepperdene, E. Acker, A. Garcia, E. Cox, D. MacDowell, A. Ramage, A. Ball, L. Brown, L. Munn, B. Blake, M. Harris, C. Dorsey, B. Willis, E. Skelton, E. Hill. The event is to be held at Forrest General Hospital.

## Society Inducts Members

The Foreign Language Department of St. Stanislaus High School held an induction of new members into the National Spanish Honor Society March 1 in a ceremony at the school. Fourteen members were inducted by the president, Bart Johnson. Mac Hadden, secretary, presented to the parents and guests a slide display of the various Spanish activities at St. Stanislaus. Brother Eduardo, chairman of the Language Department, told of the Spanish Honor Society and the requirements for membership. Brother Lee Barker, principal, congratulated the inductees; and Mrs. Helen Currie, moderator of Spanish Honor Society, served as master of ceremonies.

Edwin A. Stebbins of Gulfport was guest speaker for the evening. "To really learn a language, go to the country where it is spoken" was the message of Mr. Stebbins, who was born in Puerto Rico, as he related some of his experiences with the Spanish language. He encouraged the students to continue with the study of the language, and to profit by it in travels and perhaps working abroad.

Refreshments were served by the Spanish I classes after the induction ceremony.

## Historical Society Holds Annual Meeting

The Mississippi Historical Society at the conclusion of its March 2-3 Annual Meeting in Columbus voted to hold its 1974 convention at Biloxi.

Membership, it was reported, has increased by 73

percent in the past three years to a total of 1,737. "Everyone is invited to join," stated Membership Chairman M. James Stevens. "For the \$6.50 yearly fee, each person receives the quarterly Journal of Mississippi History and a monthly Newsletter. Members in 1972 received a free copy of the two volume A History of Mississippi. This

year they will receive a record of Mississippi Folk songs as a Christmas bonus."

Mrs. Julia Guice of Biloxi and J. Volney Cissna of Pass Christian were elected to three year terms representing the Coast on the Board of Directors. Col. E. A. Wink and M. James Stevens of Gulfport were formerly Directors. Chancellor Porter L. For-

ture, Jr., of the University of Mississippi presided as President of the Society and will be succeeded by Mrs. R. A. McLenore of Clinton as the 1973 President. There were 146 registered attendees at the Columbus meeting.

Sessions covered Editing of Historical papers including Jefferson Davis, Gov. Gerard Brandon and Gov. Henry Whitfield; Historical Sites covering the Governor's Mansion, Jefferson College, Grand Village of the Natchez, and Rosemont; and Folk songs and Pilgrimages in Mississippi.

## Students Begin Teaching Jobs

More than 400 education majors from the University of Southern Mississippi are starting a three-month stint as teachers in scores of schools both in and out of the state.

The students will be working in classrooms, under direction of qualified experienced teachers. Valuable contacts with children and practical problems, often impossible to present during the University phase of their training, result. The student teaching is a prerequisite to graduation.

Students, and the schools they will be working in during the Spring Quarter, include: from Bay St. Louis—Bruce Jay

Cox, Marta Suzanne Paul, Debra Leigh Scianna, all teaching in Bay St. Louis, Rucks Hilton Robinson, teaching in Ellisville, Patty Ann Welch teaching in Gulfport, Eddie Ray Favre and Kathryn Ruth Farve, both of Kiln and both teaching in Bay St. Louis, Susan Marie Ferry and Connie Lea Hanks, both of Waveland, both teaching in Bay St. Louis.

## PTO MEETING

Our Lady of the Gulf P.T.O. will meet at 8 p.m., Thursday, March 15, in the school cafeteria.

W.C. Maples, Optometrist, guest speaker for the evening, will discuss learning problems and learning disabilities of children relating to vision.

All parents are asked to attend.

All fishermen who didn't go to the New Orleans Carnival last Sunday couldn't go fishing anyway on account of rain. Fishing, however, especially bass, has improved somewhat, especially in lakes and ponds hereabout. They were the only places where clear water was found. The fish were mostly hitting under water baits while casting. Some nice bass were caught while salt water fishing wasn't too hot. Surface baits are out on account of the water being too cold.

Oysters are still being caught but are not salty. Can be eaten by salting them. Who wants to do that?

Our old soft-crabber, Henry Lang made an inspection tour the other night. Didn't see any signs of soft crabs. A little warm weather should bring them out. Much and April are the best months for soft crabs, according to our book. Of course they are gotten all during the summer months. This also goes for flounders.

**SPORTSMAN OF THE WEEK** Bill Griffith, Jr. son of Bill Griffith of Bay St. Louis catches plenty salt water fish. Bill flies planes out of Houma, La. and does his fishing in that area. His dad fishes with him at times.

A meeting of the Bay St. Louis Gun and Rod Club was held Feb. 28th. A fried Oyster supper was enjoyed by the members present.

Election of new officers took place with Clarence Ladner being elected president; Dr. J.D. Rutherford, Vice-President and Donald Caldwell, Sec.-Treasurer. Elected to the Executive Board was Harold Knaakey, Al Vetter and Harry Roman.

Out going officers were Robert McGee, President and W.J. Cauvin, V-Pres. The Gun and Rod Club is composed of local hunters and fishermen and new members are always invited to join. The fee is \$5.00 for regular members per year. Suppers are held each month.

Clarence Beaudan is from Waveland. He fishes on every occasion. Clarence is originally from New Orleans, always ready to go.

The Louisiana Wild Life and Fisheries Commission announced that the 1972-73 trapping season on furbearing animals closed Wednesday, February 28, 1973 as scheduled.

This action was taken today at the regular monthly meeting of this board held in New Orleans. There had been speculation that the season would be extended but after deliberation it was decided that the season close as scheduled.

It is said that loud mouths don't have to worry about food shortages. They usually eat their words.

The Boy Scout Cypress District Business Meeting will be held at 7:30 p.m. in Mike Haas' office, 128 Court Street, Bay St. Louis the last week in March. All district officers, IR's and members at large invited. If you are interested

perch down by John Plante's. Don't go often, too busy she place. They were real nice and. Blue Gills. Caught them while at it fishing.

Kantcha Ketchum made an other boo-hoo. Made a mistake by saying that Nicky Kingston was the son of Al Kingston. Not right he is the son of Nolan Kingston.

Asked Ivan Barre if he had been catching any fish. He said he went the other day and all he caught was the flu.

Dean Brown who is at Dean and Jerry's Lounge is not only perch a mixologist but a fisherman.

Anthony "Tony" Morreale says he not only fishes but does anything. However he likes fishing best. Hasn't been in a long time.

Bill Lines is a newcomer from New Orleans. He has a home at Pearlington, the R.J. Williams place. Bill expects to do a lot of salt water fishing, come summer. Better learn to fly fish. Fishing is good right in front of your house on Bayou Cowan, for both bass and

Helen Hurley who fishes with Louis Decell, Harry Roman and Nellie Loicane says she catches the most fish when they go. Must be pretty good at fishing as the other three are not amateurs. They all do mostly salt water fishing.

Went to Pearl River Sunday to take a look at the water. It is bad in Pearl River proper. White and Bayou Cowand are terrible. Black and Mills Bayous are still bad. No fishing in this section until the water clears, which will be in a couple of weeks according to our way of thinking.
